

Creative Thinking

Module 1 Weekly Challenge

HYPER ISLAND

1

Creativity on everyday

How could you innovate in something really mundane?

Think about what you do every day, **select at least one thing**, and then **try to do it in a non-traditional way**.

Use the '**WHAT IF...**' methodology to help you go further.

Register the activity the way you prefer via photo, audio, video, or text and **share in Slack #module-1 until the next live session**.
